Every dog deserves the freedom to move.
Every caregiver deserves guidance they can trust.

Who We Are

A Loyal Companion (ALC) provides compassionate, practical mobility support for senior and mobility-challenged dogs, and their caregivers.

Mobility challenges shouldn't mark the end of comfort, play, or connection. We walk beside caregivers through both progress and setbacks, offering clear guidance and realistic support that fits daily life. We work alongside veterinary teams to help families implement care at home with confidence.
